4. Business Arising from the Minutes

A. Vehicle purchase due to possible funds

The Manager reported discussing the possibility of purchasing nine minivans instead of eight with a Government of Canada representative. He noted that if additional funding were provided for vehicle procurement, a project modification document would need to be reviewed at the government level. Due to this uncertainty, the Manager recommended proceeding with the current plan for eight accessible minivans. Joel Loughead suggested that planning for the future purchase of one or two non-accessible hybrid vehicles should still be considered.

Motion Moved by Kym Hutcheon; Seconded by Scott Mackey

That the Manager continue with the plan to purchase eight accessible minivans.
